## Purpose

The purpose of this booklet is to assist small groups, Sunday school classes or other Christian Education Ministries of Adams Farm Community Church to help find and select Gospel focused and Word centered studies that help disciples grow in their maturity across multiple generations and varying walks of life. These studies help give a broad understanding of evangelical, reformed and Presbyterian doctrines to help members to mature in their understanding of the beliefs of the Associate Reformed Presbyterian Church.

Teaching which covers the following broadly characterized areas of theological knowledge and practice are commended for balanced and fully orbéd spiritual growth. Resources are recommended for each age or stage of maturity whose use should lead to a deeper and broader understanding of these aspects of our faith.

The resources listed below are not an exhaustive list, but contains suggestions and materials that may be useful in understanding the basics and grow to spiritual maturation.

At the end of this document is a list of the publisher and authors found in the document. This list is to help guide and direct members in selecting studies that might not be listed in this document. This list is collected from the ARP Christian Education Ministry's booklet called 'A Comprehensive Plan For Christian Education.' This and other resources can be found at the CEM website, [www.arpcem.org](http://www.arpcem.org).

Your word is a lamp to my feet  
and a light to my path.

Psalms 119:105

## Resources for making Mature Disciples
